INVITATION TO SHAREHOLDERS

Dear Shareholders:

You are invited to attend the Annual Meeting of Shareholders of West Fraser Timber Co. Ltd., which will take place on April 19, 2017 at 11:30 a.m., local time, at 1250 Brownmiller Road, Quesnel, B.C.

The items of business to be considered at the Meeting are described in the accompanying Notice of Annual Meeting and Information Circular.

Your participation and views are very important to us. You are encouraged to vote, which can be done by following the instructions enclosed with these materials.

At the Meeting, in addition to dealing with the matters described in the Notice, I will review the affairs of the Company. Also, you will have an opportunity to ask questions and to meet the Company's Directors and management representatives.

All of our public documents, including the 2016 Annual Report and Quarterly Reports, are available on our website at www.westfraser.com. You are encouraged to access our website during the year for continuous disclosure items, including news releases and investor presentations.

I look forward to seeing you at the Meeting.

Yours sincerely,

Ted Seraphim
President and Chief Executive Officer

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

The annual meeting (the “Meeting”) of Shareholders of WEST FRASER TIMBER CO. LTD. (the “Company”) will be held at 1250 Brownmiller Road, Quesnel, B.C. on April 19, 2017 at 11:30 a.m., local time, for the following purposes:

1. to receive the consolidated financial statements of the Company for its fiscal year ended December 31, 2016, together with the auditor’s report on them;
2. to fix the number of directors at ten;
3. to elect the directors of the Company to hold office until the close of the next annual general meeting;
4. to appoint an auditor of the Company to serve until the close of the next annual general meeting and to authorize the directors to fix the auditor’s remuneration;
5. to consider an advisory (non-binding) resolution on the Company’s approach to executive compensation, as more particularly set out in the section of the Information Circular entitled “Advisory Resolution on the Company’s Approach to Executive Compensation (Say on Pay)”;
6. to consider any amendment to or variation of any matter identified in this Notice; and
7. to transact such other business as may properly come before the Meeting or any adjournment of it.

A copy of the Annual Report of the Company for the year ended December 31, 2016 accompanies this Notice. The Annual Report includes the consolidated financial statements and the auditor’s report.

Shareholders registered at the close of business on March 2, 2017 will be entitled to receive this Notice and to vote at the Meeting.

<p style="text-align: center;">INFORMATION ON NOTICE AND ACCESS (You have not been sent a physical copy of the Information Circular.)</p>

General Information

The Company has prepared a notice of meeting, Information Circular and form of proxy relating to the Meeting, and the Information Circular contains details of the matters to be considered at the Meeting. This Notice of Meeting has been prepared and mailed to you under the notice and access rules that came into effect on February 11, 2013 pursuant to applicable Canadian securities laws. Notice and access enables issuers to reduce the volume of materials that must be physically mailed to shareholders by posting the Information Circular and related materials on the internet. Please call CST Trust Company toll-free at 1-800-387-0825 if you have any questions about notice and access.

How to Access the Information Circular and Obtain a Physical Copy

The Information Circular and related materials are available under the Company’s profile at www.sedar.com and on the Company’s website at www.westfraser.com. Shareholders are reminded to review these online materials in connection with the Meeting and before voting. Shareholders may obtain

a physical copy of the Information Circular by: 1) calling the Company's transfer agent, CST Trust Company, toll free at 1-888-433-6443; or 2) emailing a request to CST Trust Company at fulfilment@canstockta.com. A request for a physical copy of the Information Circular should be sent sufficiently in advance so that it is received by the Transfer Agent by April 4, 2017, in order to allow sufficient time for the shareholder to receive the physical copy of the Information Circular and return the proxy by its due date.

Proxies and Voting Instruction Forms (VIFs)

Registered shareholders have received a form of proxy with this Notice of Meeting. The deadline for submitting proxies is April 17, 2017. Please complete, date and sign the proxy and deliver it before that deadline in accordance with the instructions set out in the proxy and Information Circular.

Non-registered shareholders (beneficial owners) have received a voting instructions form ("VIF") with this Notice of Meeting. The deadline for returning VIFs is specified in the VIF itself. VIFs, whether provided by the Company or an intermediary, should be completed and returned in accordance with the specific instructions, and by the deadline specified, in the VIF. Please ensure you carefully follow the instructions set out in the VIF, including those specifying where and when the VIF is to be returned.

Please review the Information Circular before completing your proxy or VIF, as the Information Circular contains additional information about each matter to be voted on at the Meeting. The following guide will assist you in locating the relevant disclosure for each matter.

For disclosure about:	Refer to the following section(s) in the Information Circular
<ul style="list-style-type: none">fixing the number of directors at ten	"Size of Board"

VOTING AND PROXIES: QUESTIONS AND ANSWERS

Your vote is important. Good corporate governance begins with shareholder participation. If you cannot attend the Meeting or if you plan to attend but prefer the convenience of voting in advance, we encourage you to exercise your vote using either of the voting methods described below. Please read the following for answers to commonly asked questions regarding voting and proxies.

If your Shares are held in a street form or in a brokerage account, you may not be a registered Shareholder. Please refer to “Voting by Non-Registered Shareholders” on page 10 for a description of the procedure to be followed to vote your Shares.

Q. Am I entitled to vote?

A. You are entitled to vote if you were a registered Shareholder as of the close of business on March 2, 2017. Each Share entitles the holder to one vote.

Q. What am I voting on?

A. The following matters:

- fixing the number of directors at ten;
- the election of Directors to the Board of Directors to hold office until the close of the next annual general meeting;
- the appointment of PricewaterhouseCoopers LLP as our auditor until the close of the next annual general meeting, at a remuneration to be fixed by the Directors; and
- advisory (non-binding) resolution on the Company’s approach to executive compensation.

Q. What if amendments are made to these matters or if other matters are brought before the Meeting?

A. If you attend the Meeting in person and are eligible to vote, you may vote on such matters as you choose.

If you have completed and returned a proxy in the form enclosed, the persons named in it will have discretionary authority with respect to amendments or variations to matters identified in the Notice and to other matters which properly come before the Meeting. If any other matter properly comes before the Meeting, the persons so named will vote on it in accordance with their best judgment. As of the date of this Circular, our management does not know of any such amendment, variation or other matter expected to come before the Meeting.

Q. Who is soliciting my proxy?

A. The management of West Fraser is soliciting your proxy. Solicitation of proxies is done primarily by mail, supplemented by telephone or other contact, by Company employees, and the Company bears all associated costs.

This Circular is prepared under the notice and access rules that came into effect on February 11, 2013 pursuant to applicable Canadian securities laws. Accordingly, this Circular is being posted on the internet instead of being sent to either registered or Beneficial Shareholders. This Circular and related materials are available under the Company's profile at www.sedar.com and on the Company's website at www.westfraser.com. Shareholders are reminded to review these online materials in connection with the Meeting and before voting. Shareholders may obtain a physical copy of this Circular by: 1) calling the Company's transfer agent, CST Trust Company, toll free at 1-888-433-6443; or 2) emailing a request to CST Trust Company at fulfilment@canstockta.com. A request for a physical copy of this Circular should be sent sufficiently in advance so that it is received by the Transfer Agent by April 4, 2017, in order to allow sufficient time for the shareholder to receive the physical copy of this Circular and return the proxy by its due date.

Q. How do I vote?

- A. 1) If your Shares are not registered in your name, please see "Voting by Non-Registered Shareholders" on page 10.
- 2) If you are a registered Shareholder there are two ways that you may vote your Shares:
- (a) you may vote in person at the Meeting; or
 - (b) you may complete and sign a form of proxy appointing someone to represent you and to vote your Shares at the Meeting.

If a registered Shareholder is a body corporate or association, the form of proxy must be signed by a person duly authorized by that body corporate or association.

Completing, signing and returning a form of proxy will not prevent you from attending the Meeting in person.

As the Company is relying on notice and access provisions of applicable Canadian securities law, the Notice and form of proxy is being sent to Registered Shareholders.

Q. Must I use the enclosed form of proxy?

- A. No. If you do not wish to use the enclosed proxy form, you may use any other form of proxy to appoint your proxyholder, although the Company's Articles require that a form of proxy be substantially in the form enclosed.

Q. Can I appoint someone to vote my Shares other than persons named in the enclosed form of proxy?

- A. Yes. Write the name of your chosen person, who need not be a Shareholder, in the blank space provided in the form of proxy. It is important to ensure that any other person you appoint as proxyholder will attend the Meeting, and is aware that his or her appointment has been made to vote your Shares and that he or she should present himself/herself to a representative of CST Trust.

Q. What if my Shares are registered in more than one name or in the name of my company?

A. If your Shares are registered in more than one name, all those registered must sign the form of proxy. If your Shares are registered in the name of your company or any name other than yours, we may require that you provide documentation that proves you are authorized to sign the form of proxy.

Q. What if I plan to attend the Meeting and vote in person?

A. If you plan to attend the Meeting and wish to vote your Shares in person, you do not need to complete or return a form of proxy. Your vote will be taken and counted at the Meeting. Please register with the scrutineer when you arrive at the Meeting.

If your Shares are not registered in your name, but you wish to attend the Meeting, please see “Voting by Non-Registered Shareholders” on page 10.

Q. What happens when I sign and return a form of proxy?

A. You will have given authority to whoever it appoints as your proxyholder to vote your Shares at the Meeting in accordance with the voting instructions you provide.

Q. What do I do with my completed form of proxy?

A. Return it to our Transfer Agent, CST Trust at the address set out below so that it arrives no later than 11:30 a.m. (Vancouver time), on April 17, 2017 or, if the Meeting is adjourned, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the adjourned Meeting.

Q. How will my Shares be voted if my proxy is in the enclosed form with no other person named as proxyholder?

A. The persons named in it will vote or withhold from voting your Shares in accordance with your instructions. **In the absence of such instructions, however, your Shares will be voted FOR fixing the number of directors at ten, FOR the election of the Directors nominated by management, FOR the appointment of the Auditor, and FOR the advisory approval of the Company’s approach to executive compensation.**

Q. If I change my mind, can I revoke my proxy once I have given it?

A. Yes. If you are a registered Shareholder as of the record date you may revoke your proxy by submitting a proxy with a later date. Any new voting instructions, however, will only take effect if received by our Transfer Agent, CST Trust at the address set out below no later than 11:30 a.m. (Vancouver time), on April 17, 2017 or, if the Meeting is adjourned, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the adjourned Meeting. If you are a registered Shareholder as of the record date you may also revoke your proxy without providing new voting instructions by delivering a written revocation of proxy executed by you and delivered to McMillan LLP, Suite 1500, 1055 West Georgia Street, Vancouver, B.C., V6E 4N7, Attention: Amandeep Sandhu, no later than 5:00 p.m. (Vancouver time) on April 18, 2017 or to the individual chairing the Meeting prior to the commencement of the Meeting or any adjournment thereof.

Please note that your participation in person in a vote by ballot at the Meeting would automatically revoke any proxy you have given in respect of the item of business covered by that vote.

If you are not a registered Shareholder, see “Voting by Non-Registered Shareholders” below.

Q. What documents are sent to Shareholders?

A. Registered Shareholders will receive a package of the usual annual corporate documents (our 2016 Annual Report, including the Annual Information Form, our annual audited consolidated financial statements and auditor’s report, Management’s Discussion & Analysis, the Notice and the form of proxy).

Our Circular may be accessed under our profile at www.sedar.com or on our website at www.westfraser.com.

Copies of our Annual Report, including our audited consolidated financial statements, are filed with Canadian securities regulators and are available at www.sedar.com under the Company’s profile and may also be obtained, without charge, on request from the Secretary of West Fraser or accessed on our website at www.westfraser.com.

Q. Who are our Principal Shareholders?

A. The Principal Shareholders (persons or companies that beneficially own or exercise control or direction over more than 10% of a class of our outstanding Shares) are set out in this Circular under the heading “Voting Securities, Principal Shareholders and Normal Course Issuer Bid” on page 23.

Q. What if I have other questions?

A. If you have a question regarding the Meeting, please contact our Transfer Agent as set out below or the Secretary of West Fraser at (604) 895-2700 or by email at shareholder@westfraser.com.

Q. How can I contact the Transfer Agent?

A. You can contact the Transfer Agent at:

CST Trust Company
1600 - 1066 West Hastings Street
Vancouver, B.C. V6E 3X1

Telephone: (416) 682-3860
(toll free throughout North America: 1-800-387-0825)

VOTING BY NON-REGISTERED SHAREHOLDERS

Q. If my Shares are not registered in my name, how do I vote my Shares?

A. Our share register does not list non-registered or beneficial Shareholders. Their Shares are usually held in the name of an intermediary or a “nominee”, such as a trust company, securities broker or other financial institution. If you are a non-registered Shareholder, there are two ways that you can vote your Shares:

1) **By providing voting instructions to your nominee**

Applicable securities laws require institutional nominees to seek voting instructions from you in advance of the Meeting. Accordingly, you will receive, or have already received with these materials, from your nominee either a request for voting instructions or a form of proxy for the number of Shares you hold. Every institutional nominee has its own mailing procedures and provides its own signing and return instructions, which you should follow carefully to ensure that your Shares are voted at the Meeting.

As the Company is relying on notice and access provisions of applicable Canadian securities law, the Notice and voting instruction form are being sent to both non-registered Shareholders and beneficial Shareholders.

2) **By being appointed and attending the Meeting in person**

The Company generally does not have access to the names of its non-registered Shareholders. Therefore, if you attend the Meeting, the Company will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder.

If you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions or form of proxy provided by your nominee to appoint yourself as proxyholder. If you are a non-registered Shareholder and instruct your nominee to appoint yourself as proxyholder, you should present yourself to the scrutineer of the Meeting with appropriate identification.

BUSINESS TO BE TRANSACTED AT THE MEETING

(See Notice of Annual Meeting of Shareholders)

1) **Presentation of Financial Statements**

The consolidated financial statements of the Company for the year ended December 31, 2016 and the Auditor's report thereon for 2016 will be submitted to Shareholders at the Meeting, but no vote with respect to them is required or proposed to be taken. The consolidated financial statements are included in our Annual Report which is being mailed to Shareholders with the Notice.

2) **Fixing the Number, and Election, of Directors**

Clark S. Binkley, J. Duncan Gibson and Harald H. Ludwig have decided not to stand for re-election as Directors.

Management is nominating the other eight current Directors as well as two new nominees, Brian G. Kenning and Gillian D. Winckler. As a result Management is seeking approval to fix the number of Directors at ten.

The table of nominees on the following pages sets out the name of each person proposed to be nominated for election as a Director, as well as other relevant information. Management of the Company recommends the election of the ten nominees set out in the table of nominees to fill the ten positions as Director. The term of office of each current Director will expire at the conclusion of the Meeting. Each Director elected at the Meeting will hold office until the conclusion of the next annual general meeting of the Company at which a Director is elected, unless the Director's office is earlier vacated in accordance with the Articles of the Company or the provisions of the *Business Corporations Act* (B.C.).

The Board of Directors has adopted a majority voting policy, which is described on page 26 of this Circular, relating to the election of Directors.

On February 13, 2014, the Board adopted an advance notice policy setting out requirements for Director nominations and elections. On April 29, 2014, our Shareholders approved a special resolution to amend the Company's Articles to include this advance notice requirement, which is described on page 26 of this Circular.

The Board of Directors may fill vacancies on the Board resulting from the death, resignation or retirement of Directors. As well, the Board is authorized to appoint up to two additional Directors to hold office until not later than the next annual general meeting.

3) **Appointment of Auditor**

The Auditor is to be appointed to serve until the close of the next annual general meeting of the Company, and the Directors are to be authorized to fix the Auditor's remuneration.

The Board of Directors and management of the Company, on the advice of the Audit Committee of the Board, recommend that PricewaterhouseCoopers LLP, Vancouver, Canada, be re-appointed as Auditor, at a remuneration to be fixed by the Board of Directors.

A representative of PricewaterhouseCoopers LLP will be present at the Meeting and will have the opportunity to make a statement if the representative so desires. The representative will also be available to answer questions.

4) **Advisory Resolution on our Approach to Executive Compensation (Say on Pay)**

Our executive compensation philosophy, policies and programs are based on the fundamental principle of pay-for-performance to align the interests of our executives with those of our Shareholders. At the Meeting, Shareholders will be asked to consider and, if deemed advisable, approve (on an advisory basis), by way of ordinary resolution, the Company's approach to executive compensation.

SIZE OF BOARD

Under the Articles of the Company the number of Directors is to be established at annual general meetings. The number of Directors was last fixed at eleven. As part of our Board renewal process, which is described in more detail on page 17 under “Board Renewal”, three of our current Directors have decided not to stand for re-election as Directors and we are proposing to add two additional individuals as nominees for election as Directors. As a result, management is seeking approval to reduce the size of the Board to ten Directors.

INFORMATION REGARDING NOMINEES FOR ELECTION AS DIRECTORS

The following table sets out the name of each person proposed to be nominated for election as a Director, as well as that person’s position in the Company, residence and principal occupation, and the date that person first became a Director. Additional information concerning compensation and security holdings of such persons is provided below the following table. Eight of our current eleven Directors are standing for re-election and Brian G. Kenning and Gillian D. Winckler are new nominees.

Unless otherwise indicated, the nominee has held the same or similar principal occupation with the organization set out below, or a predecessor of that organization, for the last five years. The information as to principal occupation and securities beneficially owned or controlled by each nominee has been furnished by the nominee and is not within the knowledge of our management.

The following table also sets out committee memberships of the proposed nominees as at February 21, 2017. We have four committees: Audit, Compensation, Safety & Environment, and Governance & Nominating.

Each nominee has consented to act as a Director of West Fraser if elected. We do not contemplate that any proposed nominee will be unable to serve as a Director, but if for any reason that occurs before the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion.

Board Renewal

The Board recognizes the need for and benefits of introducing new and diverse characteristics and perspectives at the Board level, and it also understands the importance of having continuity of institutional and industry knowledge and experience. The Company's Board renewal process is designed to achieve and maintain a balance between those considerations.

The Governance & Nominating Committee is responsible for identifying new candidates to stand as nominees for election or appointment as Directors to our Board. In identifying potential Director candidates, the Committee takes into account a broad variety of factors it considers appropriate, including skills, independence, financial acumen, Board dynamics and personal characteristics. In addition, the Committee considers diversity in perspective arising from personal, professional or other attributes and experiences when identifying potential director candidates. Desirable individual characteristics of nominees include integrity, credibility, the ability to generate public confidence and maintain the goodwill and confidence of our Shareholders, sound and independent business judgment, general good health and the capability and willingness to travel to, attend and contribute at Board functions on a regular basis. Background checks, as appropriate, are completed prior to nomination.

In 2015, the Committee implemented the first phase of the Company's Board renewal process by searching for and identifying two suitable candidates for nomination as Directors. As part of this process, the Committee engaged an outside search firm and also sought input and advice from current Directors and our executive management. The major criteria adopted by the Committee for candidates were: (a) chief executive officer experience; (b) experience in a cyclical, capital-intensive industry; (c) strong strategic thinker; and (d) representing diverse background and experience.

As a result of this process, in 2016 Reid Carter and John Floren were identified as nominees to the Board and they were elected as Directors at the 2016 annual general meeting.

In 2016 the Committee implemented the second phase of the Company's Board renewal process through continuing efforts to search for and identify additional suitable candidates. As a result, the Committee has identified Brian Kenning and Gillian Winckler as important additions to the Board and they have accepted management's invitation to stand as nominees for Directors. Additionally as part of the second phase of this process, Clark Binkley, Duncan Gibson and Harald Ludwig will retire and will not be standing for re-election as Directors. During their respective tenures as Directors, Dr. Binkley and Messrs. Gibson and Ludwig made valuable contributions in a number of areas and the Company benefited greatly from their guidance and long experience as Directors.

To enhance the Board renewal process, the Company has implemented a robust performance review process and employs a skills matrix to identify skills or experience gaps.

Performance Reviews

The Committee regularly, and not less frequently than annually, reviews the performance of the Board and its Committees. This review has been conducted by way of formal questionnaire and report and by informal interviews and discussions led by the Chairman or the Lead Director. The Board performance review also includes a "peer" or individual director review process. To date no significant problem with respect to performance of the Board, any Committee or any individual director has been identified.

Skills Matrix

The Committee uses a skills matrix to assist in the process of identifying suitable additions to the Board. The Committee reviews a matrix that sets out the various skills and experience considered to be desirable for the Board to possess in the context of the Company's strategic direction. The Committee then assesses the skills and experience of each current Board member against this matrix. When completed, the matrix helps the Committee identify any skills or experience gaps and provides the basis for a search to be conducted for new Directors to fill any gaps.

Following is a skills matrix that sets out the skills or experience that the Committee has targeted for Directors as well as the Committee's determination of the minimum number of Directors who should have such skills or experience.

Skills and Experience	Target Number of Non-Management Directors
Senior executive/Strategic leadership	4
Financial literacy	4
Forestry/Manufacturing	3
Risk management	4
Capital markets	3
Government relations	2
Executive compensation	4
Governance	4

The Board is of the view that the minimum target levels have been achieved by the current Board and will be achieved assuming all nominees described above are elected at the Meeting.

Board Tenure

The Company does not have term limits for its Directors as the Board is of the view that term limits are arbitrary and can result in the removal or exclusion of valuable and experienced Directors solely because of length of service. For similar reasons, in September 2016, the Board considered the continued use of an age limitation for Directors and determined that its continuation was no longer appropriate nor in the best interests of the Company. The Board believes that arbitrary age or term limits can be detrimental to the Company by excluding experienced and valuable candidates with the accompanying loss of continuity and institutional knowledge. Such belief is consistent with the positions of a number of governance and advisory groups.

The decision to not have term limits and to eliminate the age limitation was based upon the Board's belief that Directors should be assessed on their ability to make meaningful contributions. The Company undertakes regular and rigorous reviews of Board, Committee and director performance and skills as part of evaluating the overall performance of the Board and the contributions made by each Director. The Company's annual performance review and skills assessment is a more meaningful way to evaluate and assess Director performance, and a more effective way to maintain an appropriate balance between the benefits of new and diverse characteristics and perspectives and ensuring there is continuity of institutional and industry knowledge and experience. The Board has demonstrated the effectiveness of its approach.

Over the past three years, and if the new nominee directors are elected at the Meeting, the Company will have identified and added four new Board members and three of its longer serving Board members will have retired. The Board will be composed of members with an appropriate mix of Directors who are new to the Company and who will bring fresh perspectives, and those with institutional knowledge and experience.

The following table shows the tenure of our current Directors standing for re-election at the meeting:

Board Tenure		
Tenure	Number of Directors	% of Directors
1 to 5 years	5	62.5%
6 to 10 years	Nil	Nil
11 years and over	3	37.5%

These Directors have an average tenure of approximately 8.75 years.

Director Compensation

The Compensation Committee regularly reviews our Director compensation policy and has approved a number of changes to Director compensation, effective January 1, 2016. The Board has adopted a fixed fee Director compensation structure, which consists of the following:

Annual base retainer	\$77,500 ¹
Annual equity retainer	\$77,500 in DS Units ¹
Annual Audit Committee Chairman retainer	\$10,000
Annual Committee Chairman retainer ²	\$5,000 per Committee
Lead Director annual retainer ³	\$50,000
Chairman annual retainer ⁴	\$295,000

1. Each Director may elect once each year that up to 100% of the annual base retainer be paid in DS Units
2. For each of the Safety & Environment Committee and the Compensation Committee
3. For the Lead Director and Chairman of Governance & Nominating Committee
4. Exclusive of annual base and equity retainers

This fixed fee compensation structure is a departure from previous years in that the Directors are not paid separate meeting fees or fees for committee membership and are not provided a travel allowance. The Committee believes that this approach is more consistent with current governance best practices and emphasizes that the role of a corporate director is not confined to attendance and participation at meetings.

Changes were also made to the equity ownership guidelines so that the minimum shareholding requirement for each Director is now a multiple of three times a Director's total annual retainer, as described in further detail on page 27 under "Minimum Equity Holding". If a Director's equity ownership exceeds such threshold, that Director has the right to elect to receive cash in lieu of his or her annual equity retainer payable in DS Units.

Annual non-equity retainers are paid in monthly instalments.

After April 19, 2016, when Mr. Ketcham relinquished his role as Executive Chairman, his annual compensation was established in the amount of \$295,000 for his role as Chairman of the Board, exclusive of all annual base and equity retainers. Directors are also reimbursed for out-of-pocket expenses incurred in attending meetings of the Board or committee meetings or otherwise on Company business.

The Company has a Directors' Share Compensation Plan (the "Compensation Plan"), the purpose of which is to enable each Director to participate in our growth by receiving Common shares in lieu of cash for services performed as Directors. Under the Compensation Plan, Common shares are issued after each quarter at a price per share equal to the weighted average of the trading price for the Common shares on the Toronto Stock Exchange (the "TSX") for the last five trading days in the quarter. No Common shares were issued to Directors during 2016 under the Compensation Plan.

The Company has a DSU Plan which provides a structure for Directors to accumulate an equity-like holding in the Company. The DSU Plan allows Directors to participate in our growth by providing a deferred payment based on the value of a Common share at the time of redemption. Each Director may elect to receive up to 100% of annual retainers in DS Units and must receive DS Units in payment of the annual equity retainer unless the Director has achieved the minimum shareholding requirement (see "Minimum Equity Holding" on page 27). The DS Units are issued based on the weighted average trading price of the Common shares on the TSX during the five trading days prior to their issue. Additional DS Units are issued to take into account the value of dividends paid on Common shares from the date of issue to the date of redemption. DS Units are redeemable only after a Director retires, resigns or otherwise leaves the Board and has ceased to fulfill any other role as an officer or employee of the Company. The redemption value is equal to the Common share price at the date of redemption. A holder of DS Units may elect to redeem DS Units in cash or in Common shares. DS Units qualify as equity for the purposes of the minimum equity holding requirement for Directors.

APPOINTMENT OF THE AUDITOR

Our current Auditor is PricewaterhouseCoopers LLP, Chartered Accountants, of 700 - 250 Howe Street, Vancouver, B.C. PricewaterhouseCoopers LLP has been our Auditor for more than five years.

The Auditor is appointed by the Shareholders, performs its role as the Auditor of our annual financial statements on their behalf, and reports the results of the audit to them. In order to assure the Shareholders that the audit is effective, the Auditor is required to confirm to the Audit Committee its independence from our management in connection with the audit. PricewaterhouseCoopers LLP has confirmed its independence from our management in connection with the audit of the consolidated financial statements for the period ending December 31, 2016.

All services provided by the Auditor are subject to the pre-approval of the Audit Committee through established procedures and a written policy. Management provides regular updates to the Audit Committee of the services that the Auditor undertakes on the Company's behalf.

During 2016, the Audit Committee met with the Auditor and members of management to review the overall scope and specific plans for the audit of our consolidated financial statements. In addition, the Auditor received and discussed our unaudited quarterly consolidated financial statements and earnings releases with management and the Audit Committee as required from time to time. Representatives of the Auditor meet with the Audit Committee in the absence of management representatives as part of each regularly scheduled meeting of the Audit Committee.

The Auditor, the Audit Committee and management maintain regular and open communications regarding the audit of our financial statements. No disagreement arose among the Auditor, the Audit Committee and our management on any matter affecting the audit of our financial statements.

For additional information concerning the Audit Committee and its members see "Audit Committee" in the Company's Annual Information Form for the year ended December 31, 2016 which forms part of our 2016 Annual Report and is available at www.sedar.com under the Company's profile.

ADVISORY RESOLUTION ON THE COMPANY'S APPROACH TO EXECUTIVE COMPENSATION (SAY ON PAY)

Our executive compensation philosophy, policies and programs are based on the fundamental principle of pay-for-performance to align the interests of our executives with those of our Shareholders. This compensation approach allows us to attract and retain high-performing executives who will be strongly incentivized to create value for our Shareholders on a sustainable basis. As a Shareholder you are asked to consider and approve the following resolution:

Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, that the Shareholders accept the approach to executive compensation disclosed in the Company's information circular delivered in advance of the 2017 annual meeting of Shareholders of the Company.

Because your Say on Pay vote is advisory, it will not be binding upon the Board. However, the Compensation Committee of the Board will review and analyze the results of the vote and take into consideration such results when reviewing executive compensation philosophy, policies and programs. The Board confirms that the Company's current practices achieve substantially the same results as the Canadian Coalition for Good Governance's (CCGG) "Say on Pay" Policy for Boards of Directors released in September 2010.

The management proxyholders intend to vote FOR the approval of the advisory resolution on executive compensation, except in relation to Shares held by a Shareholder who instructs otherwise.

OUR CORPORATE GOVERNANCE POLICIES AND PROCEDURES

Governance Policy

Our Board of Directors believes that sound governance practices are essential to the effective and efficient operation of the Company and to the enhancement of Shareholder value. We established a corporate governance policy (the "Governance Policy") in 2002 which was updated and re-approved by our Board in 2007. The full text of the Governance Policy may be reviewed on our website at www.westfraser.com.

The following disclosure has been prepared under the direction of our Governance & Nominating Committee and has been approved by the Board.

Chairman of the Board

Hank Ketcham retired from his role as our Executive Chairman effective April 19, 2016 and assumed the position of Chairman of the Board. Hank Ketcham was appointed our Chief Executive Officer and President in 1985 and assumed the role of Chairman of the Board in 1996. In 2012 he relinquished the title of President and on March 1, 2013 Mr. Ketcham retired as our Chief Executive Officer and was designated as our Executive Chairman of the Board. Ted Seraphim was appointed our President on April 19, 2012 and also became our Chief Executive Officer on March 1, 2013.

For his duties as Chairman of the Board, the Board has approved, on the advice of the Compensation Committee, Hank Ketcham's compensation in the aggregate amount of \$295,000 per annum, exclusive of annual director base and equity retainers. As of May 1, 2016, Mr. Ketcham was permitted to elect to receive all or a portion of his compensation in DS Units. Mr. Ketcham ceased to participate in our annual incentive bonus plan after 2014 and ceased to participate in our long-term incentive plans as of January 1, 2016.

The Board has considered the issue of the Chairman's relationship with management in the context of the need to ensure the Board's independence from management and has determined that the Chairman is sufficiently aligned with Shareholder interests to ensure Board independence from management. The Chairman is a director and shareholder, and is related to the other directors and shareholders, of Ketcham Investments, Inc., whose shareholdings are described under "Voting Securities, Principal Shareholders and Normal Course Issuer Bid" on page 23. The Board considers that these relationships assure that the interests of the Chairman are closely aligned with Shareholder interests. However, the Board has established the position of Lead Director to ensure that the Board's independence from management is clear in appearance as well as in fact.

The Board has indicated its intention to continue the appointment of a Lead Director until such time as Mr. Ketcham is considered “independent” of management as contemplated under National Instrument 52-110 (see “Composition of the Board – Independence” on page 31).

Lead Director

Bob Phillips has been our Board’s Lead Director since February 2008. Our Board has stipulated that if, and as long as, the Chairman of the Board is not “independent” of management (as contemplated under National Instrument 52-110), the Board will ensure that one of its independent Directors is appointed as Lead Director. The Lead Director’s role is to focus on enhancing the effectiveness of the Board and to help ensure that it functions in an independent and cohesive fashion. In addition, the Lead Director participates in setting agendas for Board meetings, chairs meetings of the Governance & Nominating Committee of the Board, acts as a liaison between members of the Board and management when necessary, and ensures that the Board has the resources necessary to effectively carry out its functions.

Governance & Nominating Committee

The Board has established a Governance & Nominating Committee comprised entirely of independent Directors. The mandate of the Committee is summarized later in this Circular under “Committees of the Board” on page 33. The Board, through the Committee, monitors changes to the regulatory, business and investment environments with respect to governance practices and regularly reviews governance issues with a view to ensuring that both our Governance Policy and our actual practice continue to serve the best interests of our Shareholders, employees and other stakeholders. The Committee also focuses on the performance of the President and Chief Executive Officer and on management succession.

Majority Voting Policy and Advance Notice Policy

In February 2011, the Board reviewed and adopted a majority voting policy on the recommendation of the Governance & Nominating Committee. Under this policy, a Director who is elected in an uncontested election with more votes withheld than cast in favour of his or her election will be required to tender his or her resignation to the Chairman of the Board. The resignation will be effective when accepted by the Board, and any director who tenders his or her resignation may not participate in the deliberations of either the Committee or the Board which relate to such director’s resignation. The Governance & Nominating Committee will consider the resignation and make its recommendation to the Board on whether the resignation should be accepted. The Board expects that resignations will be accepted unless there are extenuating circumstances that warrant a contrary decision. The Board will announce its decision (including the reasons for not accepting any resignation) by way of a news release within 90 days of the date of the meeting at which the election occurred, and a copy of the news release will be provided to the TSX. Management will not re-nominate for re-election any Director who fails to comply with this policy.

Pursuant to the advance notice policy adopted by the Board on February 13, 2014 and subsequently incorporated as an amendment to our Articles following approval by Shareholders on April 29, 2014, any additional Director nominations for the Meeting must have been received by the Company no later than the close of business on March 17, 2017. No such nominations have been received as of the date of this Circular. If no such nominations are received by the Company prior to such date, management’s nominees for election as Directors set forth above will be the only nominees eligible to stand for election at the Meeting. The advance notice provisions provide Shareholders, Directors and management of the Company with a clear framework for nominating Directors. See our Articles on SEDAR at www.sedar.com for the terms of our advance notice provisions.

Code of Conduct

In 2004 the Board approved a Code of Conduct for the Company and its Directors, officers and employees. The Code sets out expectations for compliance with laws, safety and health, environmental stewardship, discrimination and harassment, conflicts of interest, ethical conduct, fair dealing and other areas. On February 13, 2014 the Board approved amendments to the Code which included provisions prohibiting certain insiders who are subject to minimum shareholding requirements from purchasing financial instruments designed to hedge or offset any decrease in the market value of our Shares, Options or units, and on February 18, 2015 the Board approved amendments, which included additional provisions related to the Company's commitment to human rights and compliance with anti-bribery laws. The Code also establishes a "whistle-blower" procedure for the reporting of potential breaches of the Code. The Code includes an acknowledgement with respect to compliance to be confirmed by each Director and each member of management. All Directors, members of management and substantially all salaried employees periodically confirm compliance with the Code of Conduct and any instances of non-compliance are reported to the Board. In 2016, no waivers of the application of the Code of Conduct were requested of, or granted by, the Board. The full text of the Code of Conduct may be viewed on our website at www.westfraser.com.

Charters

The Board has developed and approved formal charters for each of the Audit, Compensation, Governance & Nominating and Safety & Environment Committees as well as formal position descriptions for each of the positions of Chairman of the Board, Lead Director and Chief Executive Officer. The charters and position descriptions were reviewed and revised by the Board in 2010. The Chairman of the Board's general mandate is to ensure the effective and independent conduct of the Board. The Lead Director's general mandate is to plan and chair meetings of the Governance & Nominating Committee, and the Chief Executive Officer's general mandate is to implement the Company's strategic and operating plans and enhance Shareholder value. These materials may be viewed on our website at www.westfraser.com.

Minimum Equity Holding

The minimum shareholding requirement for Directors is a number of Shares or DS Units having a value of not less than three times a Director's total annual base and equity retainers. Based on the current retainer amounts this would total \$465,000.

Shares and DS Units held by a Director will be included in determining whether the minimum shareholding requirement has been met. For the purposes of such calculation, Shares and DS Units held by a Director will be valued based on the 90-day weighted average trading price of the Company's Common shares ending on the Company's annual proxy disclosure date. The Company will require that all Directors meet the minimum shareholding requirement within a reasonable period of time and, if after any annual valuation of a Director's shareholdings the value of the Director's holdings fall below the requirement, the Director will have one year to regain compliance.

If a Director is in compliance with the minimum shareholding requirement, the Director may elect to receive, in lieu of DS Units, all or a designated portion of his or her annual equity retainer in cash.

For a description of the holdings of the Directors see the chart on page 22. The equity holding requirements for senior executives are described under "Executive Compensation Discussion and Analysis – Report on Executive Compensation - Executive Equity Holding Requirements" on page 42.

Mandate of the Board

Our Board has expressly assumed overall responsibility for the stewardship of the Company, including responsibility for (i) adoption of a strategic planning process and approval of a strategic plan, (ii) identification of the principal risks of our business and implementation of appropriate systems to manage these risks, (iii) succession planning, including appointment, training and monitoring of our senior management, (iv) implementation of a communication policy regarding our disclosure of corporate information, and (v) ensuring the integrity of our internal control and management information systems including accounting systems.

The Board met seven times in 2016, five of which were regularly scheduled meetings. During the regularly scheduled meetings the Board received, reviewed and contributed to management's strategic planning and operating and capital plans, taking into account identified business opportunities and business risks. In conjunction with the ongoing planning process, the Board regularly reviews, with management, the strategic environment, the emergence of new opportunities and risks, and the implications for our strategic direction.

The Board has, with the advice of management, identified the principal risks of our business and has overseen management's establishment of systems and procedures to ensure that these risks are monitored. These systems and procedures provide for the effective management of our manufacturing assets, forest resources and financial resources, and compliance with all regulatory obligations. At each regularly scheduled Board meeting management submits a matrix identifying key short term and long term risks together with an analysis of each risk and management's mitigation strategy. The matrix is regularly reviewed by the Board and consideration is given to any changes in circumstances that could either heighten or diminish the nature of a particular risk. The Board understands that our major risks are associated with safety, the environment, access to raw materials and our product end markets.

The Board receives and reviews regular reports on our operations, including reports dealing with safety and environmental issues.

The Board is responsible for the supervision of our senior management to ensure that our operations are conducted in accordance with objectives set by the Board. All appointments of senior management are approved by the Board. As part of our planning process, succession planning for senior management positions is regularly reviewed and discussed.

Corporate Disclosure Policy

The Board has, as part of our Governance Policy, approved a Corporate Disclosure Policy that is intended to ensure that all material information relating to the Company is communicated appropriately to our Shareholders and the public. The Policy also applies to the dissemination of annual and quarterly reports, news releases and environmental reports. The Corporate Disclosure Policy may be viewed on our website at www.westfraser.com. In addition to annual general meetings, meetings are held from time to time each year between management representatives and various investors, investment analysts, credit rating agencies and financial institutions, all of which are governed by the Corporate Disclosure Policy.

Audit Committee

The Board, through the Audit Committee, is responsible for overseeing the Company's financial reporting and audit process and ensuring that management has designed and implemented an effective system of internal controls and management information systems. The Audit Committee generally meets twice annually with the Auditor to discuss the annual audit. These meetings are in addition to regular meetings, in which the Auditor participates, during which the Audit Committee reviews and approves certain of our quarterly reports. At regular meetings, the Audit Committee also meets separately and *in camera* with the Auditor without Management and separately and *in camera* with Management without the Auditor. The Audit Committee has complete and unrestricted access to the Auditor.

In 2016 the Audit Committee focused on these key areas:

- reviewing significant accounting and financing reporting issues and assessing the appropriateness of the Company's financial reports;
- overseeing and assessing the adequacy and effectiveness of the Company's internal control procedures over annual and interim financial reporting;
- managing the Company's relationship with the Auditor, through, among other things, a formal review of the performance of the Auditor;
- reviewing the effectiveness of the Company's disclosure controls and procedures; and
- oversight of compliance with the Company's Code of Conduct and the process through which complaints are received and dealt with, including confidential and anonymous submissions and those that are a sensitive or "whistleblower" nature.

In order to provide reasonable assurance that the Company's financial reporting is complete, fairly presented and employs appropriate accounting principles, the Audit Committee reviews the following documents with management and the Auditor and recommends them to the Board for approval:

- annual financial statements and interim financial reports; and
- the related Management's discussion and analysis of financial performance.

The Audit Committee reviews with Management and the Auditor relevant and applicable legal and regulatory developments and the adoption and disclosure of new accounting standards. It also assesses the potential impacts of choosing between accounting alternatives.

Decisions Requiring Prior Approval by the Board

The Board has overall responsibility for the stewardship of the Company. Any responsibility that is not delegated to management or to a committee of the Board remains with the full Board. We maintain policies with respect to matters requiring prior approval of the Board. These policies, and understandings between management and the Board through previous Board practice and accepted legal practice, require that our annual operating and capital plans, significant capital expenditures and all transactions or other matters of a material nature involving the Company or any of its Subsidiaries must be presented by management for approval by the Board.

Shareholder Feedback and Concerns

In addition to the information provided to Shareholders in connection with the annual general meetings of Shareholders and the continuous disclosure requirements of securities regulatory authorities, we maintain a policy of ongoing communication with investors and with representatives of the investment community. This process consists of periodic meetings with investment fund managers and investment analysts as well as individual investors and Shareholders, although always in circumstances that assure full compliance with disclosure requirements. All news releases issued by us are available for viewing on our website at www.westfraser.com. Inquiries by Shareholders are directed to, and dealt with by, members of senior management. Shareholders and potential investors are encouraged to communicate on any issues, including those relating to executive and Director compensation, directly with members of our senior management. All communications are subject to our Corporate Disclosure Policy.

Expectations of Management

The Board has determined its expectations of management, which include provision of information and implementation of processes that enable the Board to identify risks and opportunities for the Company, the identification of appropriate comparisons and benchmarks against which our performance may be measured, and the provision of data that permits the Board to monitor ongoing operations, and management understands these expectations. As part of the ongoing process of monitoring the performance of management, at each Board meeting the Board receives operational updates on each of our business units. These updates compare actual performance to our annual plan and historical results and include a discussion of all significant variances.

As part of the monitoring process, the Chief Executive Officer submits to the Board at the beginning of each year a written report setting out goals, expectations and priorities for the year. These are reviewed by the Board and may be varied based on the Board's comments. At the end of the year, a report is submitted to the Board by the Chief Executive Officer that sets out achievements relative to the original goals and expectations. Both the Board and the Chief Executive Officer expect that the level of those achievements will be taken into account when establishing the executive's compensation for the following year.

Composition of the Board

Independence

We are required to disclose which of our Directors are, or are not, “independent” of management as that term is used in National Instrument 52-110. Nine of our eleven current Directors are independent. Three of those independent directors have decided not to stand for re-election as Directors. Our two new nominees are also independent. Below is a summary of the basis of our determinations:

Name	Determination and Basis
Hank Ketcham	Non-independent Basis for Determination: Former member of management (President, Chief Executive Officer and Executive Chairman)
Clark S. Binkley	Independent
Reid E. Carter	Independent
John N. Floren	Independent
J. Duncan Gibson	Independent
Brian G. Kenning	Independent
John K. Ketcham	Independent (see commentary below)
Harald H. Ludwig	Independent
Gerry Miller	Independent (see commentary below)
Robert L. Phillips	Independent
Janice G. Rennie	Independent
Ted Seraphim	Non-independent Basis for Determination: Currently our President and Chief Executive Officer.
Gillian D. Winckler	Independent

John Ketcham is the cousin of Hank Ketcham, the Company’s current Chairman and former member of our management. The Board has considered this relationship and interest, including the shareholding interests of Hank Ketcham and John Ketcham, and has determined that John Ketcham is sufficiently independent of our management and has interests aligned with Shareholders to the extent that such independence qualifies him to be a member of the Governance & Nominating Committee and make a valuable contribution in that role.

Where an individual is, or has been within the last three years, an employee or executive officer of an issuer, National Instrument 52-110 provides that such individual is deemed to have a material relationship with the issuer and thus would be considered non-independent of the issuer. Gerry Miller retired as an employee and senior officer of the Company on July 31, 2011. As the third anniversary of his retirement has passed, he may be considered independent if the Board determines that he is otherwise sufficiently independent of management. The Board has considered Mr. Miller’s prior employment with the Company, and the Board has determined that, given the passage of time and other factors including Mr. Miller’s active participation as a director since 2012 and his experience as a director of another Canadian public company, Mr. Miller is sufficiently independent of our management.

The Governance & Nominating Committee, which is comprised of all Directors other than Hank Ketcham, our Chairman and Ted Seraphim, our President and Chief Executive Officer meets without any members of management present as part of each regularly scheduled meeting of the Board. There were five such meetings during 2016.

Gender Diversity – Board and Executive Officers

One out of our eleven Directors (or approximately 9%) is a woman. One out of nine of the independent Directors (or approximately 11%) is a woman. If all of management's nominees are elected, two of the ten Directors (20%) will be women.

The Company and its major subsidiaries have in the aggregate eleven executive officers, none of whom are women.

Gender Equality

The Company is committed to providing equal opportunities for individuals who have the necessary qualifications for employment and advancement within the Company. The Company's objectives, as outlined in its Code of Conduct, include providing a work environment that is free of discrimination and harassment, including based on gender. The Board is subject to and ultimately responsible for the oversight of adherence to its Code of Conduct.

The Company has not adopted a formal written policy relating to the identification and nomination of female Director nominees or executive officer candidates. However, as described under "Information Regarding Nominees For Election As Directors – Board Renewal – Skills Matrix" on page 18, when identifying new candidates for nomination to the Board, the Governance & Nominating Committee takes into account a broad variety of factors it considers appropriate, including skills, independence, financial acumen, board dynamics and personal characteristics, including gender. In addition, diversity in perspective arising from personal, professional or other attributes and experiences are considered when identifying potential Director candidates. Further, the charter of the Governance & Nominating Committee provides that the Committee will review and make recommendations to the Board on the composition of the Board in order to ensure that the Board has the requisite expertise and that its membership consists of persons with sufficiently diverse and independent backgrounds, with a view to facilitating effective decision-making. Similarly, in the process of identifying candidates for executive officer appointments, the Company does consider whether our senior executive group consists of persons with sufficiently diverse and independent backgrounds.

The Company does consider gender diversity to be important and believes that its current framework for evaluating Board and executive officer candidates takes into account gender diversity. The Company also encourages female candidates to apply for vacant positions, and the Company is an equal opportunity employer. However, the priority of the Company in recruiting new candidates is ensuring individuals bring value to the Company and its shareholders by possessing a suitable mix of qualifications, experience, skills and expertise.

The Board currently has one female Director and will have two female Directors if all of management's nominees are elected. However, the Company does not currently intend to adopt targets for female nominee Directors or executive officers as the composition of the Board and the senior executive group is based on a broad variety of factors the Company considers appropriate and it is ultimately the skills, experience, characteristics and qualifications of the individual that are most important in assessing the value the individual could bring to the Company.

Serving on Other Boards

Each of Bob Phillips and Janice G. Rennie is an active corporate director serving on several corporate boards. The Board and the Governance & Nominating Committee have reviewed each of their board memberships and determined that they have demonstrated that they devote the required time and attention

to discharge their duties as members of our Board. Mr. Phillips and Ms. Rennie have each demonstrated a strong understanding of West Fraser's business, have been well prepared for all Board and committee proceedings and make consistent and valuable contributions to those proceedings. In 2016, Mr. Phillips maintained a 100% attendance record and Ms. Rennie maintained a 95% attendance record, at Board and committee meetings. They also made themselves available to meet with management and fellow Directors and attend tours of the Company's facilities on an ad hoc basis whenever required to do so. Mr. Phillips has indicated that he does not intend to seek re-election as a director at Precision Drilling Corporation's 2017 annual general meeting.

The disclosure under "Information regarding Nominees for Election as Directors" beginning on page 13 lists the other public company directorships held by our Directors. West Fraser does not limit the number of outside directorships. The Governance & Nominating Committee discusses our Director expectations with potential candidates to ensure the candidates understand the time commitments and expectations before agreeing to be nominated as a Director of the Company.

Both Mr. Floren and Ms. Rennie are directors of both West Fraser and Methanex Corporation. The Board has considered these common directorships and has determined that they should not impair the ability of these individuals to exercise independent judgment as members of our Board.

Committees of the Board

The Board has concluded that, because of its relatively small size, committees of the Board should be kept to a minimum so that all members of the Board are able to participate in discussions on significant issues. Matters that are outside of management's authority are reported to and approved by the Board.

Committees of the Board may engage outside advisors at the expense of the Company. Under the Governance Policy an individual Director may, with the approval of the Board, retain an outside advisor at our expense.

The Board has appointed the following four committees of the Board, each of which is comprised entirely of Directors who are not members of our management: Audit, Compensation, Safety & Environment, and Governance & Nominating.

Audit Committee

Chair: Janice G. Rennie

Other Members: Clark S. Binkley
Reid E. Carter
J. Duncan Gibson
Gerry Miller

The full text of the Audit Committee Charter, which forms part of our Annual Information Form which is included in our Annual Report, is available for viewing on our website at www.westfraser.com. The Audit Committee is responsible for reviewing our annual financial statements and making recommendations as to approval of the annual financial statements by the Board. Material issues related to the audit of our internal control and management information systems are discussed by management representatives and the Committee as they arise. The Committee has typically been delegated the authority to approve certain of our quarterly financial statements and quarterly earnings announcements before publication. The Audit Committee has direct access to the Auditor and is responsible for

approving the nomination, and establishing the independence, of the Auditor. The role of the Committee has been discussed at various times with our Auditor.

Under NI 52-110 the Audit Committee must be comprised of independent directors. An “independent director” is a director that has no direct or indirect material relationship with the Company, including not being affiliated with management or the Company in terms of specific family or commercial relationships. In addition to being independent, each member of our Audit Committee is considered “financially literate” as that term is used in NI 52-110.

Additional disclosure concerning the Audit Committee is contained in our Annual Information Form, which is included in our Annual Report, under the heading “Audit Committee”.

Compensation Committee

Chair: Harald H. Ludwig

Other Members: John N. Floren
Robert L. Phillips
Janice G. Rennie

The Compensation Committee is responsible for reviewing and making recommendations to the Board with respect to the remuneration of our senior management and the remuneration of each Director, and has the authority to grant Options to officers and employees under our Stock Option Plan, although in practice the Board gives final approval of all Option grants. This Committee reviews the remuneration of Directors and senior management each year.

The Charter of the Compensation Committee may be viewed on our website at www.westfraser.com.

Safety & Environment Committee

Chair: Clark S. Binkley

Other Members: Reid E. Carter
John N. Floren
John K. Ketcham
Gerry Miller

The Safety & Environment Committee is responsible for monitoring our safety and environmental performance. The Committee conducts an ongoing review of our safety and environment-related policies and performance, including compliance with applicable laws and regulations. The Committee also reviews the suitability and effectiveness of safety and environment management systems and environment sustainability certification programs to which we subscribe. The Charter of the Safety & Environment Committee may be viewed on our website at www.westfraser.com.

Governance & Nominating Committee

Chair: Robert L. Phillips

Other Members: Clark S. Binkley
Reid E. Carter
John N. Floren
J. Duncan Gibson
John K. Ketcham
Harald H. Ludwig
Gerry Miller
Janice G. Rennie

The Governance & Nominating Committee is comprised of each Director who is “independent” of management as that term is used in National Instrument 52-110. The Charter of the Committee may be viewed on our website at www.westfraser.com. The Committee is responsible for providing support for the governance role of the Board and, as part of that support, reviews and makes recommendations on the composition of the Board, periodically assesses the function of the Board and its Committees, and monitors developments in corporate governance. In addition, this Committee is responsible for establishing criteria and procedures for identifying candidates for election to the Board, engaging search firms, where necessary, and recommending (to the Board) nominees to stand for election as Directors. The Committee also regularly assesses the performance of the Chief Executive Officer and reviews and assesses succession plans for management submitted to it on a regular basis. The Committee regularly reviews succession alternatives and planning for the Chief Executive Officer position. The Committee, together with the Chief Executive Officer manages an ongoing formal process to assess the abilities, readiness and interests of members of the current executive group and oversees appropriate skills development.

Orientation Program and Continuing Education

New Directors receive a broad range of materials that provide both historical and forward-looking information concerning West Fraser, its operations, senior management and the Board, and its strategic objectives. As part of our orientation program, new Directors have an opportunity to meet with senior management to discuss our business, receive historical and current operating and financial information and are encouraged to tour our facilities.

We do not have a formal continuing education program for our Directors. Each of our Directors has had, or currently has, executive or board of director responsibilities and there is a regular sharing of those experiences which assists our Board in identifying and adopting, on a continuing basis, best corporate governance practices. Board proceedings include regular review of risk factors including detailed reviews of focus risks, periodic presentations by management and outside industry experts on important and evolving issues and Directors will visit and tour certain facilities on a regular basis which contributes to a more complete understanding of our business.

Individual directors attended and, in some cases, were participants or presenters at, third-party conferences, seminars, webinars and presentations on a broad range of topics in 2015 and 2016, including the following:

A key part of each regularly scheduled Board meeting is a business overview provided by the Chief Executive Officer. This overview includes an operational and financial review but also provides perspectives on growth strategies, human resources, political, legal and regulatory issues and material changes in our risk environment. These discussions help our Directors to understand the full scope of our underlying business environment when making decisions that affect our future.

Performance Reviews

The Governance & Nominating Committee regularly and, not less frequently than annually, reviews the performance of the Board and its Committees. This review has been conducted both by way of a formal questionnaire and report and by informal interviews and discussions led by the Chairman or the Lead Director. The Board performance review also includes a “peer” or individual Director review process. To date no significant problem with respect to performance of the Board, any Committee or any individual Director has been identified.

Meeting Attendance Record

In 2016 the attendance record for Board meetings was 94%. The following chart sets out meeting attendance records of each Director during 2016, including each Committee of which the Director is currently a member.

EXECUTIVE COMPENSATION DISCUSSION & ANALYSIS

All references to the number of West Fraser shares, options and other equity-based incentives reflect the payment and adjustments resulting from the Stock Dividend which has been applied retroactively to earlier comparative periods.

Report on Executive Compensation

The policy of the Compensation Committee and the Board of Directors with respect to executive compensation is to provide compensation to each executive officer in the form of a base salary, employment benefits, performance-related bonus, equity-based long-term incentives and post-retirement pension benefits in order to attract and retain a highly-motivated, cohesive and results-oriented management team. Total compensation for each executive officer is designed to be competitive with that provided by comparable companies in Canada to executive officers in similar positions as well as to align the interests of executive officers with those of our Shareholders and not encourage excessive risk taking. Each of the components of total compensation is established based on the following criteria:

- | | |
|------------------------|---|
| Base Salary | – to be below the median base salaries for comparable positions |
| Annual Incentive Bonus | – based on our financial performance above a minimum return on shareholders' equity, and targeted to be below the median for comparable positions |
| Long-Term Incentive | – to be above the median on long-term incentives for comparable positions |

Overall, the compensation package is designed to compensate executive officers for above-average, long-term, sustainable financial results, and is designed to be competitive at the 50% percentile for overall compensation for comparable positions.

In order to establish compensation for executive officers other than the Chief Executive Officer (the “CEO”), the Committee receives recommendations with supporting documentation, including data on comparable compensation levels, from the CEO. The Committee considers the recommendations and comparative data and makes its recommendation to the Board. In respect of compensation for the CEO, the Committee bases its recommendation to the Board on its review of comparable compensation data for chief executive officer positions.

In determining the comparability of similar positions in other companies the Committee considers responsibility levels as well as industry similarity, annual revenues and cash flows, total assets, market capitalization and number of employees of the selected companies. For positions where compensation data is not comparable, internal guidelines and data are used.

We use, and periodically participate in, broad-based compensation surveys prepared by independent consulting firms. As well, from time to time we and the Committee may obtain specific benchmarking data prepared by independent consulting firms. This information, along with Company-specific data, is considered when establishing compensation for executive officers.

The peer group for the compensation benchmarking study is comprised of the following publicly-traded, Canadian companies:

Paper and Forest Products

Resolute Forest Products Inc.
Canfor Corporation
Cascades, Inc.
Domtar Corporation
Interfor Corporation
Norbord Inc.

IAMGOLD Corporation	TransAlta Corporation
Methanex Corporation	

Composition of the Compensation Committee

The Committee currently consists of four independent Directors each of whom has held senior executive roles which have included involvement in executive compensation issues. The Committee met twice in 2016 to review matters relating to the compensation of Directors and executive officers. In addition to meetings, members of the Committee regularly receive reports and advice from independent consultants and members of senior management on executive compensation issues. Although the Option Plan permits the Committee to grant Options, in practice the Board gives final approval on all matters relating to the compensation of Directors and our executive officers. None of the members of the Committee is indebted to the Company.

See also “Our Corporate Governance Policies and Procedures – Committees of the Board – Compensation Committee” on page 34.

Base Salaries

The Committee reviews base salaries periodically and considers annual adjustments to be effective in October of each year. The most recent review of base salaries was conducted in September 2016.

In determining its September 2016 recommendation for the base salary of each executive officer, the Committee considered the comparative data for the peer group.

Annual Incentive Bonus Plan

The annual incentive bonus plan (the “Bonus Plan”) covers our CEO and our Vice-Presidents. The Bonus Plan is the variable compensation component of total executive compensation designed to compensate these officers annually based on the achievement of our objective annual financial return targets.

The bonus is calculated as a percentage of current salary, with the percentage based on the annual return (adjusted by excluding equity-based compensation expense or recovery and any accrual for such bonus) on average Common Shareholders’ equity (“ROSE”) above a minimum return. If the annual ROSE is below 5% bonuses are not payable under the Bonus Plan. At the 5% ROSE level, bonuses for the Vice-Presidents are 17.5% of base salary. The bonus percentage increases as the ROSE increases and the bonus percentage will reach 100% of base salary at a 15% ROSE level, which is the maximum bonus percentage payable. In any year, the bonus percentage for the CEO is equal to 125% of the bonus percentage for other officers covered by the Bonus Plan.

The Board may, in its discretion, also consider other issues, including safety performance, when determining the amount, if any, of bonuses earned under the Bonus Plan that will be paid.

In 2016 the annual ROSE exceeded the minimum threshold and annual incentive bonuses were awarded to each of the qualifying senior executives in accordance with the Bonus Plan and were paid in 2017. In 2015 the annual ROSE did not exceed the minimum threshold and no annual incentive bonuses were awarded to senior executives. See also “Clawback Policy” on page 42 which applies to the Bonus Plan.

Long-Term Incentive Component

The long-term incentive component of compensation is comprised of Options and phantom share units (which are either RS Units or PS Units) that are intended to directly align the long-term interests of our senior management with those of our Shareholders. The proportion of Options and phantom share units included in a long-term incentive grant will vary from time to time at the discretion of the Board.

Stock Option Plan

The Board established the Stock Option Plan on February 24, 1994 as a means of recognizing contributions to the Company made by Directors, officers and employees and to provide a long-term incentive for their continuing relationship with the Company and its subsidiaries. Directors ceased to participate under the Stock Option Plan in 2004. The Stock Option Plan has been amended from time to time (most recently in April of 2016) to increase the number of Common shares that may be issued under Options granted under it, to impose certain limits on the number of Options that may be issued to our insiders, to establish certain restrictions on amendments to the Stock Option Plan without Shareholder approval, to provide for certain automatic extensions for Options expiring during or within five business days of a blackout period under the Company’s Securities Trading Policy, and to address certain incidental housekeeping changes. See also “Option Grants” on page 47.

Outstanding and Authorized Options

Year	Outstanding	Weighted Average Price	Remaining Authorized	Total	% of Outstanding Common Shares
2017 ¹	2,266,117	\$31.83	595,791	2,861,908	3.7
2016 ¹	2,267,870	\$29.18	26,546	2,294,416	2.8
2015 ¹	2,313,100	\$26.66	272,831	2,585,931	3.1

1. As at February 21, 2017, February 26, 2016 and March 2, 2015, respectively.

Since the introduction in 2003 of the right of a holder to surrender an Option for a cash payment (the “Cash Value Alternative”) under the Stock Option Plan, as at February 21, 2017 131,006 Options have been exercised for Common shares, resulting in a 0.2% dilution to Common shareholders. See “Option Grants” on page 47. Of the 2,266,117 outstanding Options, 1,741,832 are exercisable and, of the outstanding Options, 1,836,746 Options were held by insiders representing 2.3% of the total number of issued and outstanding Common shares and Class B Common shares, in each case as of February 21, 2017. A total of 246,285 Options were granted to officers or employees in 2016 and a total of 180,755 Options were granted to officers or employees in February 2017, representing less than 0.3% and less than 0.2% of the total number of issued and outstanding Common Shares and Class B Common Shares as at the end of 2015 and 2016, respectively.

Our Board has adopted a policy to manage the Stock Option Plan with a goal of limiting the potential dilution of outstanding and remaining authorized Options to 5% or less of the number of our outstanding Shares. The aggregate potential dilution of all issued and authorized Options under our Stock Option Plan was 3.7% at February 21, 2017.

Phantom Share Unit Plan

In 2010 the Board approved the Phantom Share Unit Plan which is intended to supplement or, in whole or in part, replace, the granting of Options as long-term incentives for officers and employees. This plan provides contingent future compensation based on Common share price performance, but is payable only in cash and represents no potential for Shareholder dilution. The Committee and the Board believe that this plan, combined with other components of compensation, provides a broader range of alternatives in developing retention and performance incentives for officers and employees that more directly align their interests with those of current and future Shareholders.

The plan permits the Board to grant, as it determines appropriate, two types of units which vest on the third anniversary of the grant date. A vested RS Unit must be redeemed by us by payment to the holder of an amount equal to the volume weighted average trading price of a Common share over the 20 trading days immediately preceding its vesting date (the “vesting date value”). A vested PS Unit must be redeemed by us by payment to the holder of an amount determined by the Board of equal to or between nil and twice its vesting date value contingent upon our performance relative to a peer group of companies over the three year performance period. At the end of such period, the Company’s performance is measured by reference to both the Company’s total cumulative shareholder return and the average of its annual total cumulative return on capital employed relative to a prescribed peer group. The amount paid, if any, on such PS Units is based on an equal weighting of these two performance measurements although if the return on capital employed is negative for the period the weighting for that factor is capped at one-half its potential maximum, regardless of relative performance. The peer group

used for the purposes of the Phantom Share Unit Plan currently consists of Canfor Corporation, Interfor Corporation, Tembec Inc., Western Forest Products Inc. and Weyerhaeuser Company, all of which are North American publicly-traded forest products companies. This peer group may be reviewed and changed by the Board, from time to time, as it deems appropriate. The Board also has discretion to vary the payout calculation as it considers appropriate to take into account factors which may have a significant or extraordinary effect on relative performance.

Officers and employees granted units under the Phantom Share Unit Plan are also entitled to additional units to reflect cash dividends paid on Common shares from the applicable grant date until payout. The final amount to be paid, in cash, to each officer or employee on RS Units and PS Units is based on the type and number of vested units she or he holds multiplied by the applicable payout value. Other than officers or employees who retire, become totally disabled or die, units will be automatically cancelled, without payout, on termination of employment or resignation. In the event of retirement, total disability or death of a holder of RS Units or PS Units granted after 2012, the number of units held will be reduced based on the proportion of the three-year period that the holder was not an officer or employee.

In each of February 2016 and 2017 the Board granted units under the Phantom Share Unit Plan to officers and employees. In the case of executive officers, the proportions of the grants for each of the RS Units and the PS Units were equal. See also “Clawback Policy” on page 42 which applies to the Phantom Share Unit Plan.

For PS Units which vested in February of 2017, the relative performance multiplier was 1.27. The calculation is set out below.

PS Unit Relative Performance Multiplier

First Comparison (out of a maximum of 1) – Return on Capital Employed

2014	0.6	(exceeded three of five in peer group)
2015	0.6	(exceeded three of five in peer group)
2016	<u>0.8</u>	(exceeded four of five in peer group)

Post-Retirement Pension Benefit

Executive officers, including the CEO, are members of our non-contributory defined benefit pension plans for salaried employees. The pension benefit provided under these pension plans is described starting at page 52 of this Circular. The Company does not provide any additional post-retirement benefits, such as medical or dental insurance, to the executive officers.

Clawback Policy

We have recognized a trend in recent years towards the adoption of recoupment and “clawback” policies, particularly among large public companies. As a prudent aspect of risk management and our commitment to operate consistently with good governance practices, the Board in 2013 approved amendments to the Phantom Share Unit Plan and the Bonus Plan to incorporate payment adjustment provisions. These Plans now both contain financial restatement triggers permitting West Fraser to recoup the amount of the incentive awards that have been paid in excess of the amount that would have been payable under the restated financial statements or deduct such excess amount from future payments to be made under such Plans. These payment adjustment provisions also allow the Company to adjust incentive awards upwards to reflect restated financial statements that are more favourable than the original financial statements. The payment adjustment provisions have a three year look-back period.

CEO's Compensation

In recommending compensation for the CEO, the Committee follows similar principles to those applied for all of our other executive officers. The Committee considers market competitive-salary information for chief executive officer positions in similar-sized companies in Canada. This includes manufacturing companies in other sectors as well as in the forest products sector. The Company periodically participates in broad-based compensation surveys and also periodically seeks the advice of independent compensation consultants engaged to review the executive compensation program. In 2016 Towers Watson, a professional services firm, conducted a survey on our behalf concerning executive compensation. The survey results, along with Company-specific data, are used to determine the competitiveness of the CEO's compensation and its alignment with the interests of Shareholders. The CEO establishes, with guidance and direction from the Board, annual goals and reports to the Board at the end of each year on his performance against those goals. The Committee considers this performance when considering its recommendation of compensation of the CEO.

Details of our CEO's compensation are described in the table titled “Summary Compensation Table”.

Executive Equity Holding Requirements

In February 2013 our Board approved the adoption of minimum equity holding requirements. In September 2013, on recommendation of the Compensation Committee, the Board revised the policy with respect to the CEO to better align with what the Board considered best governance practices. Each senior executive is required to hold Shares and RS Units having a value of not less than the executive's salary in the case of a Vice-President and not less than three times in the case of the CEO. Senior executives active in 2013 have until January 1, 2018 to comply with this requirement while senior executives appointed after 2013 will have five years from date of appointment to meet the minimum equity holding requirement.

For the purposes of the following disclosure, the following officers are each a “Named Executive Officer” of the Company:

Ted Seraphim, President and Chief Executive Officer,
 Ray Ferris, Executive Vice-President and Chief Operating Officer,
 Larry Hughes, Vice-President, Finance and Chief Financial Officer and Secretary,
 Chris McIver, Vice-President, Sales and Marketing, and
 Sean McLaren, Vice-President, U.S. Lumber.

The following table shows the total holdings of Shares and RS Units held by each Named Executive Officer as at February 21, 2017 valued based on the Closing Price of \$54.69.

**Named Executive Officer Share and Unit Holdings
 (February 21, 2017)**

Sean McLaren ² Vice-President, U.S. Lumber	5,500	5,140	581,902	1.4

1. Includes Common and Class B Common shares.

2. Named Executive Officers also hold PS Units as follows: T. Seraphim – 25,605; R. Ferris – 9,195; L. Hughes – 7,830; C. McIver – 6,545; S. McLaren – 5,140.

3. Mr. Hughes also holds 3,521 DS Units.

On February 13, 2014 the Board approved amendments to our Code of Conduct which included provisions prohibiting insiders from purchasing financial instruments designed to hedge or offset any decrease in the market value of our Shares, Options or units.

Independent Consultant

Towers Watson has provided consulting services to us for several years with respect to executive and non-executive compensation. In 2012 the Committee adopted a protocol under which all consulting services provided by Towers Watson related to executive compensation must be retained and authorized by the Committee. Towers Watson reports to the Committee as outside compensation consultant to advise on compensation policies including providing information on comparative levels of compensation for senior executives and directors. In 2014, in addition to a survey concerning CEO and Executive Chairman compensation, the Committee also received advice from Towers Watson on various executive compensation issues. In 2015 and 2016 Towers Watson provided advice on executive compensation.

The following table shows the fees paid to Towers Watson for services provided in the last two fiscal years:

Type of Work	2016	2015
Executive Compensation-Related Fees	\$35,952	\$10,027
All Other Fees	\$0	\$2,362

Compensation Committee Responsibility

The Committee is responsible for recommending to the Board the level and nature of compensation for executive officers and Directors and may grant Options to officers and employees under the Stock Option Plan although in practice the Board provides final approval of all compensation matters for directors and executive officers. In making its determinations, the Committee has access to comparative data and, if considered appropriate, receives advice from selected independent consultants. The Committee is also responsible for reviewing and recommending to the Board the approval of our compensation and benefits philosophy and policies and any incentive-compensation plans and equity-based plans. In reviewing such policies, the Committee may consider the recruitment, development, promotion, retention and compensation of senior management and other employees and any other factors that it deems appropriate. The Committee also assesses on an ongoing basis whether such compensation and benefits policies are consistent with the sustainable achievement of our business objectives, the prudent management of our operations and risks, and the promotion of adherence to our Code of Conduct, its policies concerning safety and environmental stewardship and other material policies, procedures and controls. The Committee also ensures that such compensation and benefit policies do not encourage unwarranted risk taking and, when it reviews and recommends compensation for the CEO and senior management, assesses the appropriateness of compensation relative to business risks undertaken by considering, among other things, adherence to our Code of Conduct and its other material policies, procedures and controls, as well as any other factors it considers appropriate.

Performance Graph

The following graph compares the total cumulative return to a Shareholder who invested \$100 in our Common shares on December 31, 2011 with the cumulative total return of the S&P/TSX Composite Index and the Bloomberg Americas Paper & Forest Products Index for the same period.

We consider the Bloomberg Americas Forest Products & Paper Index to be an appropriate comparative measure. This is a capitalization-weighted index of the leading forest products companies in the North, South, and Central American region with currently 16 constituent issuers, one of which is the Company.

Executive Compensation

Total compensation for Named Executive Officers, as described in the Summary Compensation Table set out below, reflects a gradual recovery from the significant downturn in the forest products industry which began in 2006. Annual incentive bonuses for Named Executive Officers were not earned or paid for 2007, 2008, 2009 and 2011. In 2010, 2012, 2013 and 2014 the Company achieved a ROSE in excess of

the minimum threshold and annual incentive bonuses were earned, with payment occurring in the following year. The minimum ROSE threshold was not met in 2015 and no annual incentive bonuses were earned by the senior executives, including the Named Executive Officers. In 2016 the minimum ROSE threshold was exceeded and annual incentive bonuses were earned, which were paid out in 2017.

The compensation of each of our Named Executive Officers for our three most recently-completed financial years is set out below:

1. For a description of the units see "Phantom Share Unit Plan" on page 40. Units are valued at the date of grant using the Towers Watson Binomial method which was the method used by the Compensation Committee when granting the units. This method was applied consistently in its competitive market analysis.

2. Options have a term of ten years and vest as to 20% on each of the first through fifth anniversary dates of the grant date. Each Option was valued using the Towers Watson Binomial method for the same reason as described in footnote 1. Whether the executive will receive value under these Options will depend on the future market price of Common shares. A description of the current value of all Options held by each Named Executive Officer is set out in the charts at pages 49 – 51.

3. Annual incentive (bonus) plan payments are included in the year earned and are paid in the following year.

4. Pension value represents the change in the pension liability related to the annual service cost, actual and assumed future compensation changes and the impact of plan changes, if any.
5. Perquisites and other personal benefits do not exceed the lesser of \$50,000 and 10% of total compensation for any of our Named Executive Officers.
6. Over the three year period reported in the table above, Mr. McLaren's salary and annual incentive compensation was awarded in U.S. dollars. The exchange rate used to convert this U.S. dollar compensation was the Bank of Canada's average US/CDN exchange rate for the fiscal year (2016 = 1.3263; 2015 = 1.2452; 2014 = 1.0906).

Option Grants

Under the Stock Option Plan, the exercise price of an Option per Common share will not be less than the closing price of the Common shares on the TSX on the last trading day before the Option is granted. The length of the term of Options will be fixed by the Board or the Compensation Committee at not more than ten years and, unless otherwise determined by the Board or the Compensation Committee, Options vest at the rate of 20% per year over the first five years of the term.

Under the Stock Option Plan, Options may not be exercised after a holder ceases to be an eligible participant except that (a) an Option held on the death of an Option holder may be exercised by the personal representative of the holder during the period ending on the earlier of its expiry date and two years after the date of death, (b) an Option held on the retirement or total disability of an Option holder may be exercised during the period ending on the earlier of its expiry date and five years after the date of retirement or disability, and (c) a vested Option held in any other case, may be exercised no later than the earlier of its expiry date and 30 days after the date the holder ceases to be an eligible participant. Options are not assignable, other than those that may be exercised by the personal representative of a deceased holder. We do not provide any financial assistance to holders of Options in connection with the exercise of Options.

The number of Common shares subject to an Option, the exercise price per Common share and the total number of Common shares that may be made subject to Options under the Stock Option Plan will be adjusted proportionately in the event of any subdivision or consolidation of Common shares or any dividend payable in Common shares and will be adjusted as determined by the Board in the event of certain other reorganizations or other events affecting the Common shares. Under the Stock Option Plan, Options granted which have not vested do not automatically vest on a change of control.

The Stock Option Plan permits outstanding vested Options to be surrendered by the holder to the Company in return for a cash payment under the Cash Value Alternative. The cash payment for a surrendered Option is equal to the amount by which the weighted average price per share at which the Common shares were traded on the TSX on the last trading day exceeds the exercise price per Common share applicable to the Option multiplied by the number of Common shares underlying the Option and the amount determined by the Compensation Committee as representative of the estimated costs avoided by the Option holder (such as trading commissions) by virtue of electing the Cash Value Alternative. Since implementation of the Cash Value Alternative in 2003 only 131,006 Common shares have been issued on the exercise of outstanding Options. Our management believes that the Stock Option Plan, with the Cash Value Alternative, operates in a manner similar to the types of long-term incentive plans currently recommended by major institutional shareholder groups for public companies in North America.

The Stock Option Plan restricts the Option holdings of insiders. It provides that: (a) annual grants of Options to insiders may not be for a number of Common shares that exceeds 1% of the total number of our outstanding voting securities (the "Issued Shares"); (b) no single insider may hold, at any time, Options to acquire a number of Common shares that, together with all other Common shares issuable to the insider under any other equity compensation arrangements then in place ("Other Arrangements"), would exceed 5% of the Issued Shares; (c) the total number of Options held, at any time, by insiders cannot allow them to acquire a number of Common shares that, together with all other Common shares

issuable to insiders under any Other Arrangements, would exceed 10% of the Issued Shares; and (d) the number of Common shares that may be acquired by all insiders during any 12 month period by exercising Options, together with all other Common shares issuable to insiders under any Other Arrangements, may not exceed 10% of the Issued Shares.

The Board has the power, without Shareholder approval, to amend, suspend, terminate or discontinue the Stock Option Plan provided that doing so will not adversely alter or impair any Option without the written consent of the holder. This power includes the right to make appropriate adjustments to outstanding Options in the event of certain corporate transactions, to add provisions requiring forfeiture of Options in certain circumstances, to specify practices with respect to applicable tax withholdings, and to enhance clarity or correct ambiguous provisions in the Stock Option Plan. Notwithstanding this power, the Stock Option Plan provides that the Board may not, without Shareholder approval, amend the Stock Option Plan or an Option to: increase the number of Common shares that may be issued; reduce the subscription price of an outstanding Option; extend the term of any Option beyond its expiry date or allow for an expiry date to be greater than ten years; allow non-permitted assignments or exercises of Options; expand the persons entitled to participate in the Stock Option Plan; or provide for other types of equity-based compensation.

In 2007 we obtained the approval of our Shareholders to make certain amendments to the Stock Option Plan which included, amending the amendment provision to specify the circumstances in which Shareholder approval is or is not required for an amendment to the Stock Option Plan. In 2008 and 2010 our Board made housekeeping amendments to the Stock Option Plan to (i) clarify provisions related to retirement, disability or death, and (ii) clarify provisions related to withholding taxes, respectively.

In 2016 we obtained approval of our Shareholders to amend the Stock Option Plan to increase by 750,000 the number of Common shares that may be issued under Options and to restrict other forms of amendment without Shareholder approval.

A total of 246,285 Options were granted pursuant to the Stock Option Plan during the year ended December 31, 2016. An additional 180,755 Options were granted pursuant to the Stock Option Plan in February of 2017.

The Options granted to each of the Named Executive Officers during the financial year ended December 31, 2016 pursuant to the Stock Option Plan were as follows:

RS Units and PS Units

Beginning in 2010 our Board of Directors has approved annual grants of RS Units and PS Units (collectively, “Units”) to Named Executive Officers and other employees pursuant to the Phantom Share Unit Plan. The plan and Units are described in the Report on Executive Compensation under the heading “Phantom Share Unit Plan” on page 40.

The Units granted to each of the Named Executive Officers during the year ended December 31, 2016 were as follows:

Pension Plans

The majority of our full-time salaried employees are covered by non-contributory defined benefit pension plans.

For those salaried employees whose employment began before 2016, the plans provide a pension equal to 2% of the highest average compensation (which includes base salary and bonuses) of the employee for any consecutive 60-month period in that employee's final 10 years with us multiplied by the number of years of credited service with us. Normal retirement is at age 65. Each of these pension plans allows for early retirement at age 55 with a minimum service requirement of two years. Benefits provided for early retirement are reduced by 4% per year for retirement between the ages of 55 and 57 and by 3% per year for retirement between the ages of 58 and 59. No reduction is made for retirement between the ages of 60 and 64.

On January 1, 2016 we introduced a new non-contributory defined benefit pension plan for salaried employees whose employment begins on or after that date. Changes from the existing plans include a pension based on the employee's average annual salary over the final 10 years with us as well as the elimination of early retirement benefits so that full pension benefits are only achieved on retirement at age 65 or over.

The estimated annual pension payable upon retirement, assuming employment began before 2016, no reduction for early retirement and based on the standard form life annuity for a minimum of 60 months with no joint survivor pension, is as follows:

Estimated Annual Benefits Payable Upon Retirement

Annual Compensation	Years of Service			
	15 Years	20 Years	25 Years	30 Years
\$400,000	\$120,000	\$160,000	\$200,000	\$240,000

\$1,500,000	\$450,000	\$600,000	\$750,000	\$900,000

Compensation for the purposes of the pension plans, based on employment beginning before 2016, is defined as the average annual compensation, including salary and bonus, of the highest consecutive 60-month period in the last 10 years' service with the Company.

The benefits listed in the table are not subject to any deduction for Canada Pension Plan or other offset amounts.

The table below sets forth the accumulated pension benefits for each of the Named Executive Officers as at December 31, 2016:

Name	Number of years credited service (#)	Annual benefits payable ¹ (\$)		Opening present value of defined benefit obligation ² (\$)	Compensatory change (\$) ³	Non-compensatory change ⁴ (\$)	Closing present value of defined benefit obligation ² (\$)
		At year end	At age 65				
Ted Seraphim	19.3	382,900	540,100	5,739,500	624,800	534,400	6,898,700
Ray Ferris	15.3	191,100	321,500	2,425,300	374,800	206,200	3,006,300

Sean McLaren	28.5	251,400	402,800	3,092,900	73,000	349,600	3,515,500

1. Represents the estimated annual pension, excluding any employee-paid ancillary benefits, where applicable, that would be received by the Named Executive Officer upon retirement at age 65 based on actual pensionable earnings at December 31, 2016. The annual pension payable at year end is based on actual credited service at December 31, 2016. The annual pension at age 65 is based on credited service projected to age 65.

2. The present value is the estimated value of the pension obligation to the date indicated using the actuarial assumptions and methods that are consistent with those used in determining pension liabilities as disclosed in the consolidated financial statements.

3. Compensatory change represents the change in the pension liability related to the annual service cost, actual and assumed future compensation changes and the impact of plan changes, if any.

4. Non-compensatory change includes items such as interest on the obligation and the impact of changes in the discount rate assumption.

The estimated years of credited service under the pension plans at the normal retirement age of 65 for each Named Executive Officer, would be as follows:

Ted Seraphim	27 years
Ray Ferris	26 years
Larry Hughes	9 years
Chris McIver	37 years
Sean McLaren	45 years
