

# Risk Tolerance

*Comments and Thoughts that show High risk tolerance.*

## The 10 Influencing Factors For Risk Tolerance:

1. Overestimating capability or experience
2. Familiarity with the task (or complacency)
3. Seriousness of the outcome
4. Voluntary actions and being in control
5. Personal experience with a serious outcome
6. Cost of noncompliance
7. Overconfidence in the equipment
8. Overconfidence in personal protective equipment
9. Profit or gain from actions
10. Role models accepting risk
