

# CAMPFIRE SAFETY

*"safety is a core value and business priority"*

There's nothing quite like enjoying the great outdoors with a roaring fire, but that wonderful campfire is also a big responsibility.

Please remember some important things.

---

## Do:

---

- ☐ Light a fire only when an adult is present and in charge.
- ☐ Keep young children and pets away from the fire.
- ☐ Make sure your campfire is a safe distance from your tent or anything that can burn.
- ☐ Use rocks to create a fire ring in the center of a large cleared area.
- ☐ Use the **Drown-Stir-Drown-Feel** method to put out your campfire safely.

---

## Remember the 3 Meter / 9 Foot Rule:

---

---

## Don't:

---

- ☐ Don't start a campfire when it is windy.
- ☐ Don't leave a fire unattended.
- ☐ Don't leave your fire without first putting it completely out.
- ☐ Don't use flammable liquids to start a campfire.
- ☐ Don't extinguish a campfire with just dirt or sand — add H<sub>2</sub>O!
- ☐ Don't bury warm/hot coals or ashes in a campfire pit.
- ☐ Don't burn glass, cans, plastics, or garbage in your campfire.
- ☐ Don't play or goof around near a campfire.
