Purpose

West Fraser is committed to road safety and minimizing the risk of injury to employees and members of the public and as such, West Fraser Corporate Departments and Divisions must establish and maintain motor vehicle driving procedures and practices that address the applicable considerations detailed in the Corporate Policy, as well as all applicable regulatory requirements (i.e. Federal, State and/or Provincial Safety Regulation).

Every year in North America there are approximately 35,000 vehicle related fatalities and approximately 175,000 serious injuries.
