

West Fraser Safety Policies

**#19-2
Driving**

DID YOU KNOW

West Fraser Safety
Policy (#19-2 Driving)

States:

Winter Tires

West Fraser assigned or pool vehicles, licensed for Highway use must be equipped with four matched winter tires with the M+S or Mountain Snowflake symbol and a minimum tread depth of 3.5mm or 1/8". These tires provide better stopping power and traction in cold weather and snow. Tires marked with an M+S are also acceptable but do not provide the same degree of performance as a mountain snowflake tires in severe winter conditions.

Assigned or pool vehicles that are used on highways and roads in severe winter conditions must be equipped with winter tires with the Mountain Snowflake symbol

- **Winter tires must be used between Oct 1st & April 30th or as required by your local AHJ**
