

Importance of being a

spotter:

1

Communicate any **above**, **below** and **around** hazards to the Operator

4

Make sure no one enters the **danger zone**

2

Stay at least **10 feet** away from all sides of the machinery (back, front, left and right sides)

5

Maintain eye contact with the driver/operator, even if you must change positions frequently.

3

Prevent damage to property

6

Maintain radio contact (verbal contact) with driver

PPE Requirements

Hard Hat

Hearing protection

High vis vest

Safety Glasses

Gloves

Steel toed boots
