

Day of Mourning

In Canada, every year approximately 1000 workers die and 250,000 suffer from workrelated injuries and diseases.

It's not just these numbers on which we need to reflect; with every tragedy there are loved ones, family members, friends, and coworkers who are directly affected, left behind, and their lives forever changed.

The national day of mourning is a day to remember and honour those lives lost or injured due to a workplace tragedy, and to renew our commitment to improve health and safety in the workplace and prevent further injuries, illnesses, and deaths.

“Safety is a core value and business priority”
