**CONSUMER FIREWORKS PERMIT**

Raytown Fire Protection District

This permit allows the use of approved Class C fireworks within the City of Raytown, Missouri

Valid July 4th, 2014 Only

Between the hours of 10:00 am till 11:00 pm

**NO BOTTLE ROCKETS, ROMAN CANDLES, OR STICK MISSILES**

Permit Obtained from RFPD

Name: \_\_\_\_\_  
Address of Use: \_\_\_\_\_  
Signature: \_\_\_\_\_

Follow local laws and regulations. If you need to obtain permits or licenses, make sure to do so.

Choose an appropriate location. Select a clean and open outdoor area away from buildings, dry grass, or other flammable materials (including trees, fireworks can and will start forest fires)

**SAFETY INFORMATION**

For out door use only. Avoid overhead obstructions. Do not fire near tall buildings, trees or similar. Place battery on flat ground and fix article firmly and upright to a solid post. Ensure top of article clears post. Remove orange fuse cover. Standing sideways, light fuse at its outermost end and retire immediately at least 8 metres. Spectators must be at least 15 metres.

CE 0163

TOP

Read and follow instructions. Follow the manufacturer's guidelines regarding handling, lighting, and safety precautions.

Keep water sources nearby. Have a large bucket of water, a garden hose, or a fire extinguisher readily available in case of an emergency.

Dispose of fireworks safely. After you're finished with the fireworks, douse them with water to make sure that they're fully extinguished. Allow them to cool down before disposing of them.

*If you're unsure of how to safely handle fireworks, consider going to a professional fireworks display organized by trained individuals.*

*"Safety is a core value and business priority"*
